# ABOUT

I began my photography journey around 2006 where I started taking photos of the bands and singers that were playing in my local gig venue.

As I went through collage and started full time work, the photography was put on the back burner until Lockdown 2021. I finally had the time to take my own dogs on walks everyday and started to take my camera along. From there, I found my passion in photographing dogs and Ronan Nind Photography has gone from strength to strength ever since!

# PROCESS

When booking a photoshoot, you will come to me directly, whether you go through my website or any of my social media. There is a "Get In Touch" form on the website that sends an email or any of the social media messages come straight to my inbox.

## 01 STEP ONE

Have a look at my website which contains all of the information on a photoshoot and familiarise yourself with the packages I offer. Use the Get In Touch form on the website or the message button to come straight through to me.

## 02 STEP TWO

We will then discuss what it is you're looking for from the shoot. This could be a shoot of just action photos, it could be a mix of portrait and action or it could even be a family photoshoot with you and your dog! We will also decide on date and location.

## 03 STEP THREE

Once all the details have been decided, I will send you over a contract for you to read and sign. If you agree with the contract, a deposit will be taken. I will then be in touch 3 days before the photoshoot to confirm all of the details and take the remainder of the payment.

# FREQUENTLY ASKED QUESTIONS

MY DOG CAN'T BE LET  
OFF LEAD? CAN WE  
STILL DO A  
PHOTOSHOOT?

Definitely! There are two ways we can do this. We can either keep your dog on the lead and I can edit this out in post production or we can use an enclosed field that is completely secure to let you dog off the lead.

MY DOG IS NERVOUS,  
ARE YOU HAPPY TO  
STILL TAKE THEIR  
PHOTO?

Of course. When we discuss the photoshoot we will go through all about your dog and their behaviour. During this we can decide the best way to take the photos but making sure your dog is comfortable at all times. I have done photoshoots before where I haven't been able to look or talk to the dog and we got some fantastic photos!

WHAT DO I NEED TO  
BRING WITH ME?

A toy/ball (Something that's exciting!), water and a bowl, treats, lead and collar (if your dog needs a harness this is fine and we can take this off for the photos!) and if weather depending you may need to bring a towel!

HOW LONG IS THE  
PHOTOSHOOT?

The packages range from 1 hour and up. This will depending on which package you choose. The length of the photoshoot is up to the maximum time limit; this could end sooner if your dog is struggling or we have the shots we need. Sometimes I will go over a little too to ensure we have captured everything from our time together!
